High Tech 6 Panel
Curved Peak

A person with long brown hair, seen from the back, wearing a red snapback cap and a blue denim jacket. They are pointing their right index finger towards a distant mountain range under a cloudy sky. The foreground is a dry, grassy field.

*Good for your style -
better for our planet.*

**RECYCLED COTTON
6 PANEL SNAPBACK**

U 20608RC

Made entirely from recycled cotton canvas, this 6 panel is an innovative and sustainable, fashion forward design for the everyday.

Your brand - Our expertise

CUSTOMISATION

According to three categories:

- 1 | CATALOGUE RANGE
- 2 | CUSTOM COLOURWAYS
- 3 | BESPOKE DESIGN

The Catalogue Range

LEVEL #1 CUSTOMISATION

BASIC EMBELLISHMENTS

This catalogue displays the entirety of our 2021 headwear collection. From this wide variety of styles, you are able to select your preferred cap and customise it through embroidering (or something similar) your choice of design onto it.

Custom Colourways

LEVEL #2 CUSTOMISATION

A LITTLE EXTRA

Our Custom Colourway Range has been devised for those of you wanting a little more than the set-standard. The range allows you to select a particular cap style from our Catalogue Range, and gives you the freedom to choose your own cap colours, use a unique woven label, and offers extra options for stickers and inner tapes.

Bespoke Designs

LEVEL #3 CUSTOMISATION

THE WORKS

This range takes customisation to the next level. When going the bespoke route, your brand and UFlex essentially team up and collaborate in order to design a unique cap, for your brand in particular. You make all the choices, from colour and shape, to closures, inner branding, and prints design.
